EARNO'HIRE

Earno'Hire

HOW DOES

Earno'Hire

WORK?

Earno'hire is a website
which offers job
opportunities & connect
service providers

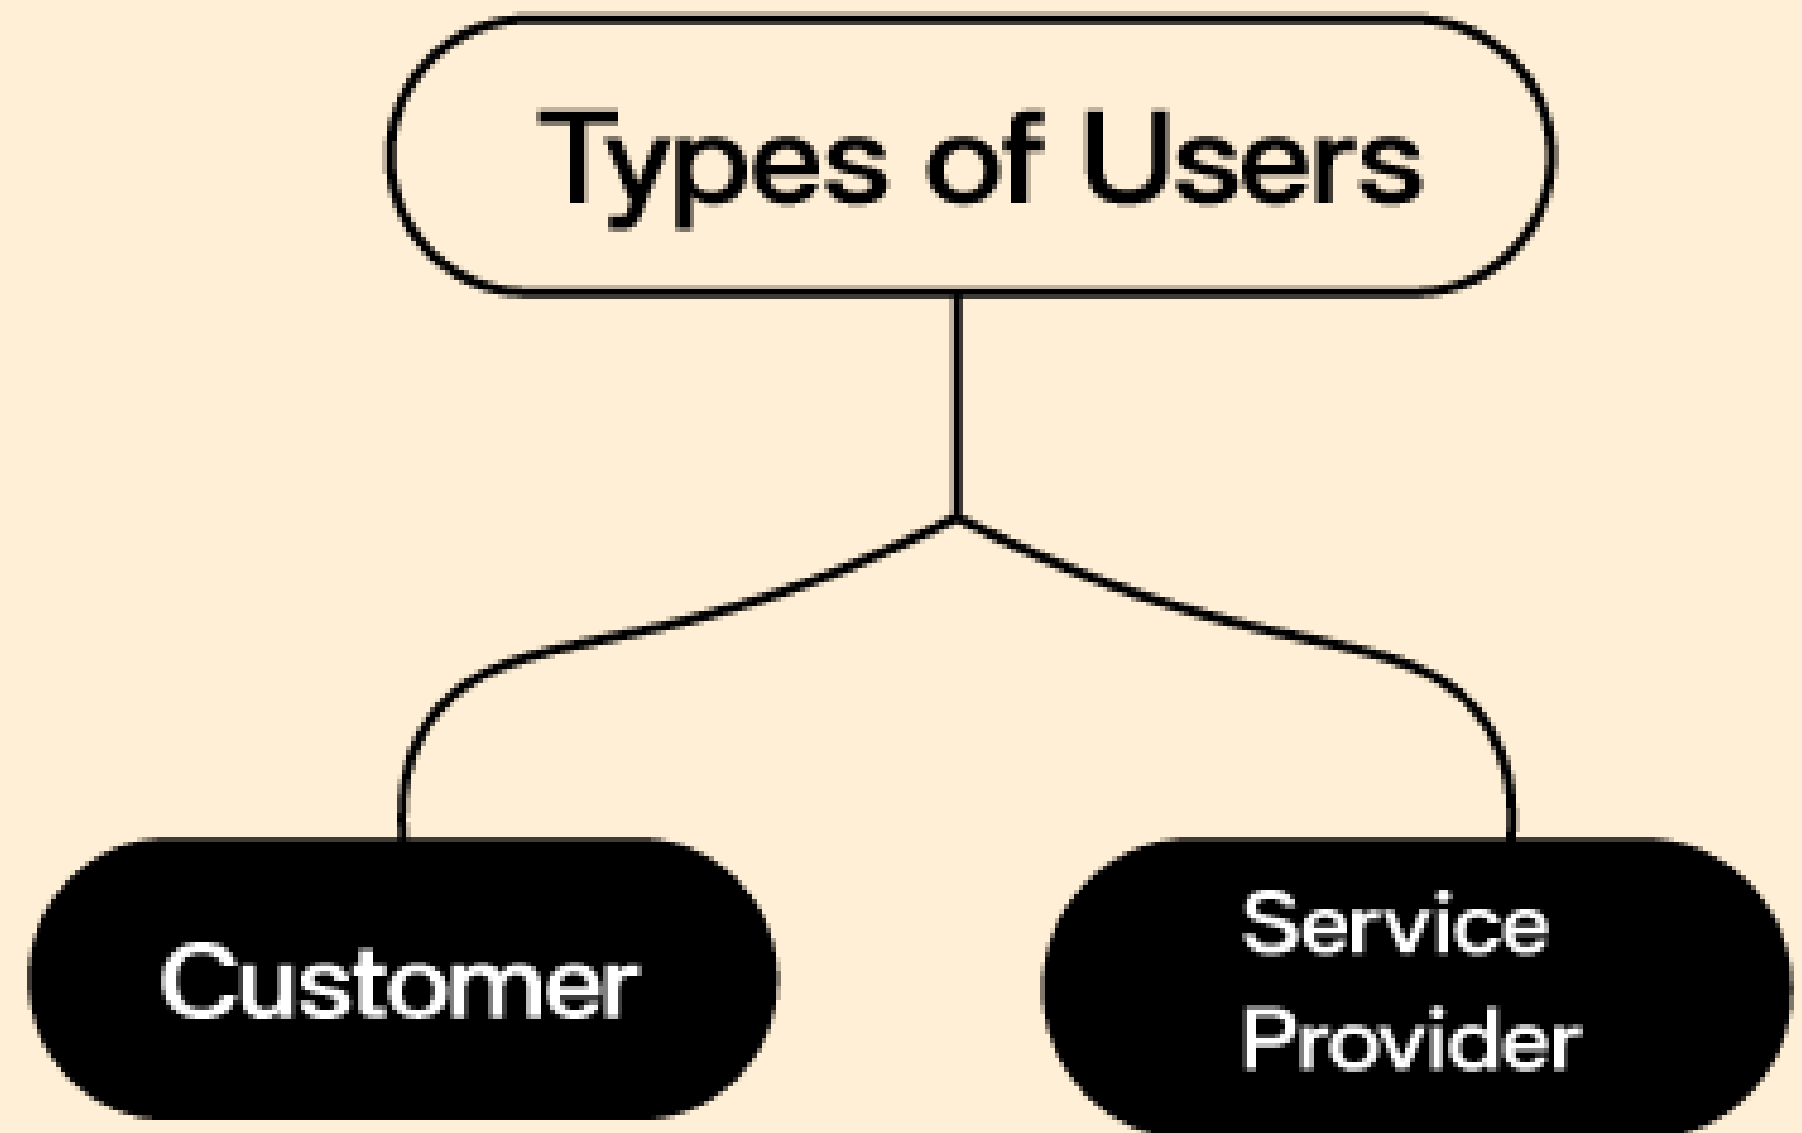

Accounts are divided in two parts

- **Customer**

A Customer is one who wants to buy services.

- **Service Provider**

Service Provider is the unemployed individual.

**EARNNO'HIRE IS A CONNECTING
LINK BETWEEN CUSTOMER AND
UNEMPLOYED INDIVIDUAL.**

**Earno'Hire give freelance opportunities to
unemployed Individual**

**whereas Earno'Hire gives easier access to premium
services to customers**

HOW DOES EARNO'HIRE WORK?

Services providers have to go through multiple quality checks to validate if service provider is capable or is in correct state to offer service to the user.

STEPS

- 1.A client will require to sign in as user or service provider.
- 2.If client chooses 'user' then
- 3.A client has to choose from listed services .
- 4.and then service providers will get a request which are present in client's locality.
- 5.If service provider accepts , he has to deliver services.

EARNO'HIRE | WEBSITE

- 1.A client will require to sign in as user or service provider.
- 2.If client chooses 'Service Provider' then
- 3.A client has to list his qualifications and he will get all the requests on dashboard .
- 4.when service provider accepts the job then user will get notified about the confirmation of website.

Learning from Courses

- Courses are available to Service Providers .
- They help in teaching unemployed individuals new upcoming concepts and tutorials of how to improve workflow.
- This will also help individuals to understand concepts which were not taught in their qualifications.

Benefits of Earno'Hire

- User gets easier access to hiring people for short term work.
